

HOW TO REFER YOUR PATIENT for the WATCHMAN Implant

1

EDUCATE

Educate your patients about the benefits of the WATCHMAN device and give them more information about the procedure using our patient education video and other resources. Fill out the Implanting Physician Contact card and encourage your patient to follow up with next steps.

2

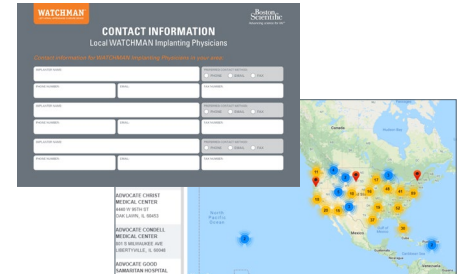

DOCUMENT

Document your consultation using the WATCHMAN Referral Form and electronic medical records so the implanting physician has access to all referral information.

3

SEND REFERRAL

Send the WATCHMAN Referral Form to an Implanting Physician via their preferred referral method, found on your Implanter Contact Card, WATCHMAN.com/hcp or through your standard referral channels.
